2. With this application, a site plan must be submitted which includes the following information:

- \* All structures on said area including garages, walls, etc.
- \* Natural Bank labeled as such.
- \* Length of river frontage as measured at the Natural Bank (if no river frontage, see Section 8 of the Protective Order).
- \* 100 foot setback line from the Natural Bank.
- \* 300 foot Corridor line.
- \* 75 foot setback for driveways.
- \* Length of structure(s) parallel to the river.
- \* Setback of structure(s) from the Natural Bank.

3. Architectural plans of the house are desirable and should show an elevation from the river side. On 11/7/84 the Commission voted that height of a building shall be measured from the lowest grade to the highest point as visible from the river.

4. Additional information may be required upon review by the Commission.
